

2P[®]UCMC[®]

Umbilical ClearMesh Composite

*Treatment of abdominal wall defects
umbilical and epigastric hernias
small incisional hernias and
hernias caused by trocars*

2P-UCMC® Umbilical ClearMesh Composite - Protesi composita ombelicale non riassorbibile

2P-UCMC® è una protesi chirurgica, trasparente, leggera, ultra sottile, non riassorbibile, in polipropilene, composta da una rete in monofilamento macroporosa e da un film trasparente per minimizzare le aderenze.

Indicazioni:

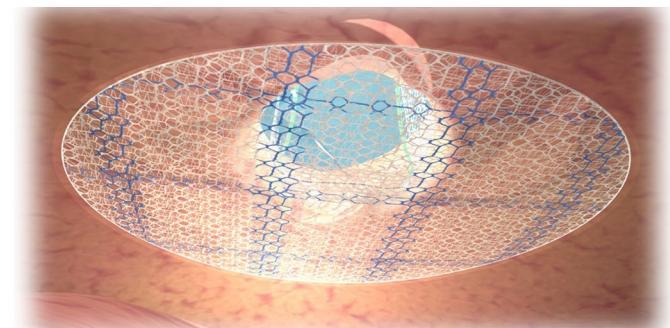

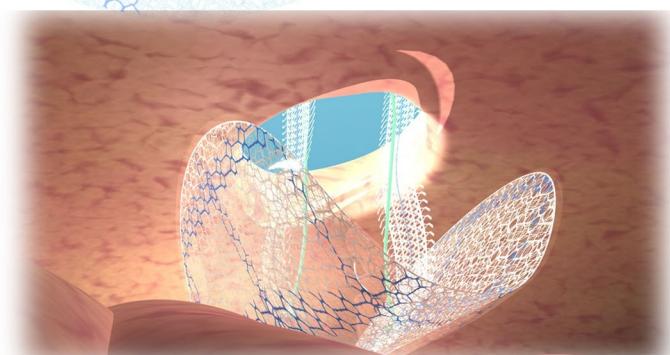

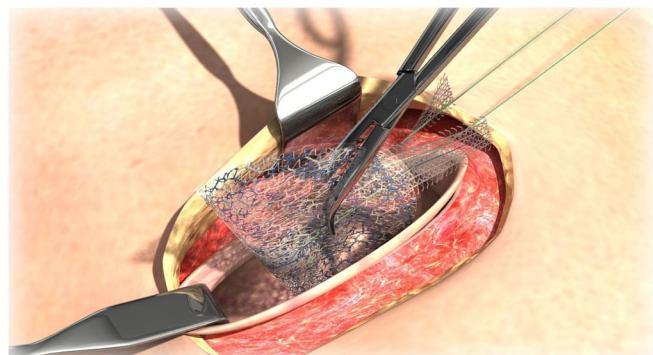

Trattamento dei difetti della parete addominale in particolare ernie ombelicali, epigastriche, piccoli laparoceli ed ernie da trocar.

2P-UCMC® Umbilical ClearMesh Composite - Umbilical composite nonabsorbable prosthesis

2P-UCMC® is a transparent, lightweight, ultra-thin, nonabsorbable surgical prosthesis in polypropylene, made by a monofilament macroporous mesh and a transparent film in order to minimize the adhesion formations.

Indications:

Treatment of abdominal wall defects, such as umbilical and epigastric hernias, small incisional hernias and hernias caused by trocars.

Codice - Code	Misura - Size	Pezzi/Cf. - Units/Box
UCMCI-045	Ø 4,5 cm	
UCMCI-05	Ø 5 cm	
UCMCI-064	Ø 6,4 cm	
UCMCI-07	Ø 7 cm	2
UCMCI-08	Ø 8 cm	

Possibili complicazioni includono sieroma, adesioni, ematomi, infiammazione, fistole ed estrusione, infezione, reazioni allergiche e recidive o difetti dei tessuti molli.

Possible complications include seroma, adhesion, hematomas, inflammation, extrusion, fistula formation, infection, allergic reaction and recurrence of the hernia or soft tissue defect.

DIPRO MEDICAL DEVICES S.r.l è fondata su un efficace sistema di gestione per la qualità, in grado di assicurare il mantenimento delle prestazioni dei propri prodotti e migliorare continuamente la qualità.

Il sistema qualità per la progettazione, produzione e distribuzione è conforme alla norma UNI CEI EN ISO 13485:2012.
I dispositivi recano marcatura CE rilasciata ai sensi dell' Allegato II della Direttiva Europea 93/42 CEE.

DIPRO MEDICAL DEVICES S.r.l is established on an effective quality control system that assures a constant performance maintenance on the entire range of our products, as well as the constant endeavour of quality improvement.
